## TEMPORARY INJUNCTION.

Preventing Delay in Building of a Christian Science Church.

Boston, Feb. 24.—A temporary injunction which will be effective in preventing delay in the construction of the new edifice of the First Church of Christ, Scientist, this city, was issued yesterday by Judge Bailey in the supreme court against the carpenters' district council of Boston.

The injunction is also directed, however, against the directors of the company as well as the building trades council. This court action is a result of a dispute between the Albermarle Construction company, the contractors in charge of the work and the carpenters, following a refusal of the contractors to discharge several non-union men employed at the church building.

The contractors asked for the injunction, alleging in their petition that the carpenters threatened to strike and that the church directors had intimated that they would break the contract with the company because of the union's demand.

VANDERBILT MOBBED  
IN ITALY YESTERDAYWilliam, Jr., and Wife Ran Down a  
Small Boy in Their Auto—Former  
Disarmed by the  
Mob.

London, Feb. 24.—Advice from Florence, Italy, indicates that the detention of Mr. and Mrs. William Vanderbilt, Jr., and their chauffeur at Pontedera yesterday as a result of an auto accident, in which they ran down and injured a small boy, is a more serious affair than was at first reported. The Vanderbilts were mobbed and Mr. Vanderbilt, it appeared today, believing their lives were in danger, drew a revolver, but before he could use it several men jumped into the auto, disarmed and kicked and cuffed him. Afterward gendarmes rescued the party from the mob and they are being held. Mrs. Vanderbilt was sent to a hotel. The boy was not seriously hurt.

## RULES CRITICIZED.

Football a Subject Considered by the  
Beta Theta Pi Fraternity.

Boston, Feb. 24.—Criticism of the new football rules and a refutation of the attack on the game were the features of the annual banquet of the New England Association of the Beta Theta Pi fraternity at Young's hotel last night.

The arrangement of the game by President Charles W. Eliot at Harvard, as contained in his annual report to the trustees of the university, was warmly scored, and it was declared by the speakers, Theodore Tilton, of Brown, and Edward A. Herr of Dartmouth, that the colleges which were most anxious for changes in the rules were those which could not win under present rules.

Nearly 200 college men were present, representing Amherst, Wesleyan, Boston university, Brown, Dartmouth, Yale, Bowdoin and the University of Maine. The association elected officers as follows: President, John L. Bates; secretary, Clarence L. Newton; treasurer, James S. Smith.

VISITED DENTIST  
ON 90TH BIRTHDAYUnusual Form of Celebration for Hon.  
Augustus P. Hutton of Bethel  
—A Career of Use-  
fulness.

Bethel, Feb. 24.—The Hon. Augustus P. Hutton yesterday celebrated his 90th birthday in a very unusual manner for one of such age. Under the care of a dentist, for several hours Mr. Hutton had four teeth operated upon so as to continue the longtime power of mastication. Born of a family of much longevity, he first saw the light of day in the town of Hyde Park in the same old year of 1816. In 1837, at the April term, the honored gentleman was admitted to the bar of Washington county and 68 years ago removed to Bethel to pursue that practice. His profound knowledge of the law was as a magnet to the young students of law, who flocked to his office to study; among them have been the late Col. Stephen M. Pingree, former Governor Samuel E. Pingree and the Hon. James J. Wilson. In 1875 the Hon. W. B. C. Stickney entered into partnership with Mr. Hutton. The firm is still in existence and perhaps the oldest living law firm in Vermont.

Eight times Mr. Hutton represented his town in the lower house and three times his county in the upper house of the state legislature. In 1860-1861 he was speaker of the house and distinguished himself in that capacity. He also held the office of special justice in 1861, when provision was made for our nation's defense. In 1864 he was a delegate to the national Republican convention that renominated Abraham Lincoln.

Every day, except Sunday, his familiar figure passing along the business section of the town on his way to visit his sister, Mrs. Mary A. Parker, no matter what the condition of the weather. Many a young man is put to shame when there is noted the agility of movement of this "grand old man of Bethel." His every need is carefully attended to by his daughter, Mrs. W. B. C. Stickney, who together occupy the old homestead.

A friend of all, versatile in conversation on the present day topics and genial in disposition are the characteristics of this ninety-year-old man.

## GOT THREE MONTHS.

Tramp Had Demanded His Dinner in  
Ten Minutes.

Bennington, Feb. 24.—Deputy Sheriff Nash and Godfrey went out in the western part of the town Thursday evening and returned with the mysterious tramp who has been making a rendezvous in that section for a number of days. He had appeared at a number of houses demanding food, invariably insisting that he be given the best in the house. One woman he told he would give her just ten minutes to produce his dinner. When lodged in jail he would give no name and when arraigned in court he pleaded not guilty to the charge of vagrancy. He was given a second hearing yesterday morning in municipal court when witnesses were in attendance.

The tramp finally gave his name as J. D. Stark. He appeared in court wearing three coats and two pairs of trousers, a collection of wearing apparel which he said enabled him to sleep in barn or out of doors, for that matter.

Judge Bates sentenced him to three months in the work house at Rutland and incidentally remarked that it would be warmer weather when he got out.

## MASS MEETING OF WORKERS.

Has Been Called for This Evening at  
Rutland.

Rutland, Feb. 24.—A mass meeting of all the workers, machinists, hatters and granite cutters in this part of the state has been called for this evening in Woodmen's hall. Thousands of men are employed in these three lines of industry, which constitute the backbone of the state's prosperity and a strong undercurrent of strike or strike manifesto is in the air.

The movement for higher wages and complete consolidation has been going on secretly for some time. One of the state organizers has been here for weeks and has been frequently engaged in whipping the men into line.

The workers will ask for a shorter workday, and increased wages per hour. It is said that the Vermont Marble company, dominated by the Proctor interests, is the object of the efforts of organized labor and it is said that the leaders figure that Fletcher D. Proctor, who is running the concern, might more readily be induced to accede to the requests at this time, with the date of election drawing nearer, than to oppose the men in their desire for an increased wage scale.

Soule, superintendent of the Central Vermont railroad, asking him for a position on the road at some station in Canada. He also asked for a statement of his accounts as station agent at Bolton, so that he could pay the company the amount due them. MINISTER ARRESTED ON  
SERIOUS CHARGERev. Cement Tomlin Is Complained of  
by a Woman Who Is Alleged to  
Be Adopted Daughter.

Burlington, Feb. 24.—Deputy Sheriff Fred E. Howley of New Haven was in this city last evening en route from Jericho, where he went to arrest one Rev. Cement Tomlin on a criminal charge, the complainant being the man's alleged adopted daughter, Mary Hoole of New Haven.

After a long search, Tomlin was found near Richmond yesterday forenoon. He was arrested and placed under \$3,000 bonds for his appearance at the March term of Addison county court. He was released, a neighbor furnishing bail. When arrested Tomlin showed no excitement but accompanied the officers quietly.

The Rev. Mr. Tomlin came to Cornwall a few years ago from Pennsylvania and for two years preached at the Baptist Church in that town. He was a fluent talker but was not well liked by people generally although they did not know much about him. Subsequently he went to Jericho and hired a 50-acre farm, upon which he was living with his wife and seven children. Another woman he called his adopted daughter, he married to a man named Hoole, who subsequently deserted her, so that she is now assisted by the town. A few days ago she filed a criminal charge against Tomlin and suit was brought in the sum of \$5,000.

## PLEA FOR CLEAN SPORT.

Made by W. T. Reid, Jr., Before Univer-  
sity of Vermont Graduates.

Boston, Feb. 24.—Fifty graduates of the University of Vermont gathered at the Hotel Westmoreland last night for the annual banquet of the New England Alumni association. By far the most absorbing topic related to alumni representation on governing boards and all the speakers endorsed the principle of alumni representation. Then William T. Reid, Jr., coach for the Harvard football team, spoke on the football problem in a way that won the approval of everyone.

Mr. Reid gave an address which was a plea for clean sport. He was introduced with applause and when he concluded President Bookman said that Mr. Reid's views were sane and sound, full of common sense and he gave them his hearty approval. Mr. Reid's idea is that football can develop either the gentleman or the mucker, just which you are willing to stand. If you will stand for mucker tactics then it's your fault. He maintained that the spirit of wanting to win at any cost was to blame for the sad condition of football today. "Let us win if we can, but let us play our best and lose fairly if we must," said he. "If the game can't be made over so as to remove the objectionable features, then it should be abolished."

## TO PLAY CHAMPIONS.

Young Men's Club Basket Ball Team  
After Games.

The Young Men's club basket ball team of this city has secured the promise of two games with the strong Company D team of St. Johnsbury. Company D is one of the claimants for the basket ball championship, and the Young Men's club team, which has not been beaten this season, is anxious to play a real test team. If the Barre boys should win the game against St. Johnsbury, they will try to arrange games with the Bellows Falls A. team, and also with the Brattleboro A. team, each of which claims the superiority.

The Y. M. C. team has greatly improved its fate and with the hard practice which it is putting in, it ought to make an excellent showing. There are seven candidates for the team which will meet Company D, they being Rust and Sheriffs for guards, than whom there are none better in the state, Andrews for center and Capt. Knapp, Smith, Mercer and St. John for forwards.

A great deal has been said of the Company D team, both in Vermont and outside, as it has gained a good reputation, chiefly on account of having beaten the Fall River Signal Corps team. Not a great deal has been heard outside of our own city concerning the Young Men's club team, but those who have seen them play would not be surprised if Company D got a surprise when the teams come together. The dates will be announced later and a large crowd ought to turn out to encourage the home team.

## ST. JOHNSBURY LOST.

And Burlington Won the Basket Ball  
Game.

Burlington, Feb. 24.—St. Johnsbury academy basket ball team, interscholastic champions of the state, went down in defeat before the Burlington high school team in the Y. M. C. A. gymnasium last evening by the score of 14 to 11. The game was fast and on the whole free from disagreeable features. Both sides played first-class basket ball, the passing of St. Johnsbury being clever at all times. This passing, with good blocking, resulted at the end of the first half with the score six to two in favor of the visitors. But in the last half the high school players took on new life and outclassed their opponents, winning the game. The passing of the local team was marred at times by fumbling.

## DECISION FOR BURNS.

In His Fistic Bout With Hart Last  
Night.

Los Angeles, Feb. 24.—Burns got the decision at the end of the 20th round of his fight last night with Hart. Hart had previously ruled the favorite at 10 to 8, although there was plenty of money in sight backing the Detroit lad. Hart was heir to the relinquished heavy weight championship held by Jim Jeffries before he left the ring. Tommy Burns had heretofore been considered in the middleweight class. The fight of last night was for the heavy weight championship of the world.

THE TEACHER  
EXPLAINEDWas Charged With Ridiculing  
Catholic Church

## AND SHE DENIES CHARGE

Grace Clark of Montpelier High School  
Is Heard and Also the Rev. W. J.  
O'Sullivan—A Two Hour  
Discussion.

Montpelier, Feb. 24.—Miss Grace Clark, a teacher in the Montpelier high school, was before the board of school commissioners last evening because of a charge made by the Rev. W. J. O'Sullivan, pastor of St. Augustine's Roman Catholic church, that it had come to his notice she had made references which were derogatory to the Catholic church and which would hold Catholics up to ridicule. The meeting was public but there were few present except those directly interested.

The direct charges made by Father O'Sullivan were that this teacher had alluded to indulgences as being sold by the Catholic church as a release from crimes committed; that extreme unction, a sacred rite of the Catholic church, was laughingly referred to as a "send off"; that in teaching history this teacher had said Catholic soldiers were afraid to die in battle lest their bodies should be buried in unconsecrated ground, and if they were so buried they would not go to heaven; that she had called the Spanish inquisition an institution of the Catholic church; that the richer a man the more sins he can get pardoned, because priests can be bought today as well as they could in other days, all of which Father Sullivan branded as false. He said Catholic boys in Miss Clark's room had remonstrated against such teaching, but she had insisted her statements were true.

Then Miss Clark was called upon. Miss Clark answered these charges one by one, defending what she had taught by the text book, "West's History," that had been placed in her hands. She declared that in teaching history she had asserted anything personal and had treated the church and state as individuals.

Three of the boys who had felt hurt by the statements of Miss Clark in class were called and questioned, and they corroborated the statements of Father O'Sullivan. The matter was discussed in a friendly way for two hours. Father O'Sullivan, the pastor of the church, teaching medieval history both sides should be taught, and he declared that the text book to which reference has been made is unfair and misleading.

The board gave Father O'Sullivan assurance that any attempt to discriminate against Catholics in the public schools would not be tolerated and he on his part expressed his willingness to inform his congregation. He had made the statement of the charges to his congregation last Sunday.

SEEKING FOR FACTS,  
SAID THE MAYOR.Concerning the Investigation of Rutland's  
Confiration of Sunday—Report  
Will Be Made to the City  
Council.

Rutland, Feb. 24.—The special committee of prominent citizens appointed by Mayor J. Forrest Manning to investigate the cause of Sunday's confiration and to determine upon the responsibility for the spread of the flames which wiped out the heart of the business section of the city, was in session the greater part of the day yesterday, and discussed in detail each point that was brought out by the public investigation in city hall.

They will request the presence of many citizens before them during the next few days to explain their version and to relate what they know concerning the alleged lack of executive ability and judgment on the part of the fire chief. Subcommittees composed of two men each went about the city during the day questioning various persons concerning what they know or could testify.

In the afternoon Mayor Manning issued this statement: "The remainder of this investigation is now in the hands of the citizens' committee and the members of this body will report to the city council, whereupon action will be taken. If it is found necessary or just to remove the fire chief or any other employee of the fire department this removal will be made promptly. We are seeking for facts, not hearsay."
